

Spring Into Giving!

Our Evendale families will be collecting **cans of soup and ravioli type items** for Bright Futures through the end of March.

Bright Futures is a fabulous organization that provides many services for our community, including weekend food packs for children in our area.

With March Madness right around the corner and spring on the way, Evendale is challenging each grade to bring in the above mentioned items to help stock the shelves at Bright Futures. If our Evendale families were able to send in one can per child, we would be able to fill the need for almost 600 food packs!!!

*Please note: cans that open with a flip top are much appreciated.
Please be sure to check those expiration dates.*

With many challenges comes a reward! The grade that collects the most cans will win extra recess time! What better way to spend the day! 😊

We have such a wonderful opportunity to give to an organization that gives right back.

Boxes will be placed in each grade hallway. Thank you, Evendale!
You make a difference!
